

**Blue Ridge School
St. George, VA**

CAMP NF

**For Children & Teens
with
Neurofibromatosis
July 19–25, 2026**

Camp Information

- Camp NF is a residential camp for 7–17-year-olds diagnosed with NF1, NF2 and schwannomatosis.
- Campers have the opportunity to meet others living with NF and learn from experts while under full-time medical supervision.
- Counselors-in-Training (CIT) program for campers 16–18-year-old.
- Support groups address issues specific to children with NF and those relevant to all children; fostering a network of peer support.
- Camp NF helps reduce the social stigma and isolation often associated with NF.
- Scholarships and payment plans are available.
